

# News from the Principal's Desk

*serve one another*

Tuesday, 28 May 2024

Dear Parents and Carers

We are thrilled to announce the exciting launch of our school's presence on two social media platforms - Facebook and Instagram. This endeavour will further strengthen the bond between our school and your family, providing an additional avenue for staying connected and engaged with our school community.

Our Facebook and Instagram pages will serve as hubs for sharing updates, as well as showcasing the highlights of daily life within our school. From memorable classroom moments to fun-filled extra-curricular activities, we are eager to showcase the dynamic energy and happiness that define our school community.

As we launch our social media platforms, the privacy and safety of our students remain our utmost priority. We will only feature images of students if media consent has been previously signed by parents or carers. Additionally, we will refrain from using any names alongside the images to ensure the protection of your child's identity. Please refer to the [Social Media Policy](#) for information regarding guidelines, safety measures and moderation.

Join us in celebrating this new chapter in our school's digital footprint, and follow us on Facebook and Instagram.
